

## What is new in InnovBase 4

Visualsoft® team is proud to release InnovBase 4 which offers a lot of innovations and new features including the following:

- **Dashboard**

Dashboard provides at-a-glance views of key performance indicators (KPIs) relevant to a particular objective or business process.

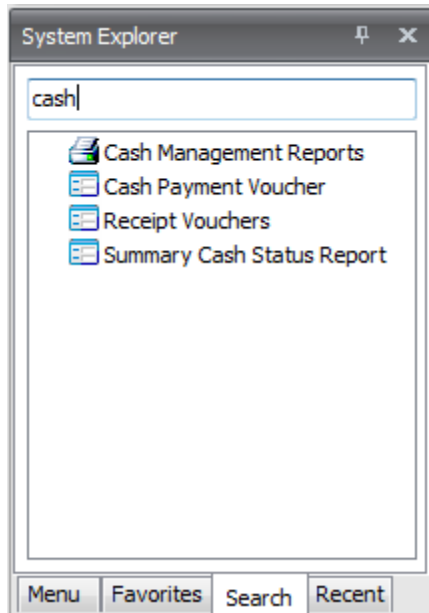

- **Quick Print**

Creating reports On-The-Fly, Grouping, Sorting and printing with powerful filtering tools for each user.

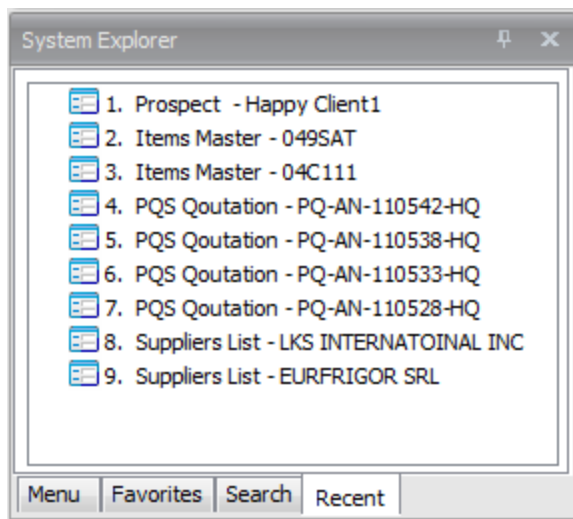

The screenshot shows the 'Sales Invoice - InnovBase® 2012' interface. It features a menu bar with 'Home', 'System', 'File', 'Edit', 'View', 'W...', and 'Skins'. The main area displays a table of sales data, grouped by 'Sales Man'. The table includes columns for Date, Invoice, Location, Voucher Type, Ref., Payment, PO No, and Total. The data is grouped by Sales Man: subhi.a, rimawi.t, and muhammad.r. A summary row at the bottom shows a total sum of 5664890.01.
